

The image is a promotional graphic for the Akins Ford Arena Tech Pack. The top half features a sky with soft, colorful clouds in shades of blue, pink, and orange. The text 'Akins Ford' is written in a large, stylized blue script font, with 'Akins' being significantly larger than 'Ford'. Below this, the word 'ARENA' is written in a bold, blue, sans-serif font. At the bottom of the text section, 'TECH PACK' is written in a very large, bold, blue, sans-serif font. The bottom half of the image is an aerial photograph of the Akins Ford Arena. The arena is a large, modern building with a white facade and a curved roof. A large crowd of people is gathered on a wide, paved plaza in front of the arena. To the left of the arena is a brick building with a sign that says 'TICKET OFFICE'. To the right of the arena are several large, green trees. The overall scene is bright and lively, suggesting a major event or concert.

PYRO/CERTS

To display fireworks/pyrotechnics in the State of Georgia, you must be actively licensed by the Hazardous Materials Division of the State Fire Marshal's Office. They can be reached at **(404) 656-9798** or by visiting the Commissioner of Insurance's webpage at <https://oci.georgia.gov/> In addition to the requisite license and associated proof of insurance, all firework/pyrotechnic plans that are desired must be submitted in detail in writing to the Arena General Manager at least **21 business days prior to an engagement** load in so they may be first reviewed in cooperation with local fire department officials. Written approval is required from the venue to the tour/artist/promoter prior to any use of fireworks or pyrotechnic displays at the Arena. Athens-Clarke County Fire Department staffing may be required in some instances either for a requested demonstration prior to event/public display use, and/or at event displays themselves at the renter's/Promoter's expense.

Secure, lockable room for materials to be identified during advance

Fire Marshal demos are required
